SCHOOL IS OUT

At Bethel College and Girls Go Home.

Seven Young Ladies Receive Diplomas and Many Certificates Are Given.

The last event of closing week at Bethel Female College was the awarding of diplomas to the seven graduates Wednesday night, at the college.

The curriculum of Bethel College is on a high plane, and a degree, conferred by it means a creditable achievement. To be graduated from Bethel means that a young girl has been thoroughly and carefully educated.

The faculty is one the strength of which is in every way able to cope with the demands of study laid down in the catalogue. The value of each teacher is rated not merely by scholarship, but by ability to impart knowledge and success in impressing the value of higher education upon the intellectual growth of the pupils under their charge. The result is a splendid teaching force, which the girls of the past year's attendance have profited by.

Bethel closed a most successful year Wednesday night. The commencement exercises, which had been in progress for a week past, attracted a great deal of attention, principally because they were the crystallized evidence of a year's achievement in what might be termed a type of the best Southern college work. The chapel was crowded to overflowing and an interesting program preceded the awarding of degrees and certificates.

The graduates who received degrees were:

B. A.—Jessie Trice Graham, Myrtle Lynne Golladay, Mary Chambliss Nash, Delle Waddington, M. A.—Ada May Schaefer, Marian Walker Williams, Ione Medora Soyars.

Piano—Polly Cummings Graves, Mamye Elizabeth Lam, Mary Wright.

The baccalaureate sermon was preached Tuesday night, at the Baptist church, by Rev. E. C. Dargan, of Louisville, from the subject: "The Princess, the Giant and the Fairy." It was an allegorical presentation of a most entertaining subject and was listened to with profound attention by a large audience.

At the conclusion, Miss Drake sang "The New World" most charmingly, and Miss Eades played a selection on the organ.

The Alumnae Association.

The Alumnae Association held its meeting Tuesday morning. Mr. Chas. M. Meacham delivered the annual talk. Officers of the association were elected for the ensuing year as follows: President, Mrs. R. L. Woodard; Vice President, Mrs. John Trice; Corresponding Secretary, Miss Jessie Graham; Recording Secretary, Miss Willie Rust; Treasurer, Miss Ione Soyars. The association decided to equip a laboratory at the college.

The Final Reception.

Following the graduating exercises Wednesday night, the final reception was held by the pupils in the college rooms. It was very largely attended and greatly enjoyed by the young people.

LOUISVILLE MACHINE

Defies Party Organization and Holds Primary Anyhow.

Repetition of The Farical Proceedings of May 9, With No Opposing Candidates.

Louisville, Ky., May 26.—Under conditions bordering on the farical, the polls opened at 6 o'clock this morning to receive votes in a Democratic primary for city and county officers, which was called off by one faction of the Democrats and endorsed by another. Policemen and tellers were on duty at each polling place, but owing to the uncertainty existing as to the legality of the election the attendance of voters was small. Nearly every saloon keeper in the city opened his place of business as usual, but at 9 o'clock the police, acting on orders of Mayor Grainger, closed all saloons and arrested a number of proprietors. Tonight the adherents of the faction of the party which revolted against Chairman Young's order and held the primary are claiming 11,000 votes cast during the day. The count shows the set of candidates said to be favored by this faction have received practically all the votes. The greatest number given any candidate supposed to be in favor of Chairman Young's plans was about 2,000. The Young adherents claim only 2,000 votes were cast. This faction will hold a primary July 30.

RED HOT REPLY.

Head of the Democratic Party in Kentucky Reads the Law to Aaron Kohn.

The Cincinnati Enquirer publishes the following:

The Hon. Allie W. Young, chairman of the Democratic State Central Committee of Kentucky, was at the Hotel Hoising yesterday and gave out a very sensational interview regarding the political situation in Louisville. He said:

"I am accused of trying to get control of the party in Kentucky. I want to say that I am endeavoring to work for the best interest of the Democratic party in Kentucky. I supported Goebel in 1899 and William J. Bryan in 1896. Those people want to get hold of the party machinery in Louisville and turn it over to the Republican party as they did in 1896. I am for the Democratic party, and, to quote Mr. Watterson's words, 'there will be no compromise with disbosor.' If the political machine of Louisville, headed by Aaron Kohn, can dictate the policy of the Democratic party in Kentucky instead of the constituted authorities, the State central and executive committee, the sooner it is known the better it will be for all concerned.

"I understand I am in contempt of court for making the changes in the committee after the injunction was granted. In reply to that I will say I am ready to answer the rule against me at any time, but when I go to Louisville to stand

trial I will make an affidavit swearing the associate judge, Aaron Kohn, off the bench.

"I am perfectly acquainted with the methods of the Louisville gang, and know just what they mean by the assertions made in the papers this morning. It is a manufactured lie when it is stated that I have turned the city and county committee of Jefferson county over to John Whallen, or made any sort of a deal with him to keep Republican opposition from me in my race for circuit judge in the Montgomery-Bath-Mentee-Rowan district. I do not suppose John Whallen knows dozen men in the entire district. Whether I will have opposition or not I do not know nor do I care, but I am confident of winning my race despite the fact that the gang in Louisville is against me. I have worked for the Democratic party since I was sixteen years of age, and I have the interest of the party at heart now, and that is more than some of the men in Louisville who are denouncing me can say. My only interest in the whole affair is to see a fair and square primary so that there will be no trouble in November."

Mr. Young did not place much credence in the stories printed in the Louisville morning papers regarding the statements from Gov. Beckham and Judge Hager, who declared themselves in sympathy with the primary, and would support its nominees. He would not state just what action would be taken in the future, but he intimated another primary would be called in Louisville and held strictly according to law, in which every candidate will have a fair and equal representation at the polls. He denied that John Whallen wanted a majority of the election officers, and said that during a conversation with Mayor Grainger he told him that if he was interested in Democratic success he would agree to an equal division of the election officers and abide by the result and support the nominees.

Mr. Young did not seem in the least perturbed over what was done in Louisville Tuesday, and is

confident everything will be settled satisfactorily and the Democrats will be victorious this fall, but he is angered over the accusations made against him, and proposes to make it pretty warm for those who accuse him.

MIDNIGHT BLAZE.

Occupants of Burning Building Narrowly Escaped Death.

Mrs. Ann Clark, of Crofton, lost her residence, together with its entire contents, by fire one night last week. When the occupants, Mrs. Clark and her son, Richard, and her little grandson, were awakened the roof of the building was falling in and they had a very narrow escape from a horrible death. The door was locked and great difficulty was experienced in opening it. All of the occupants were more or less scorched and Mrs. Clark's injuries are quite serious.

A pocket book in Richard Clark's trousers, containing \$47 in cash, was burned. The loss is several hundred dollars. There was no insurance. It is not known how the flames originated. The fire occurred about midnight.

YOUNG WIFE'S DEATH.

Mrs. Carrie King Doyle Passes Away in Virginia.

Esq. M. B. King, of Church Hill, received a telegram yesterday morning conveying the information that his daughter, Mrs. Ashton H. Doyle, of Danville, Virginia, had died suddenly.

Mrs. Doyle was formerly Miss Carrie King and she was married October 6, 1902, to Mr. Doyle. She was one of the most popular and lovable young ladies ever reared in Christian county. She was the only daughter of her parents, almost idolized by them, and her sad and untimely death falls upon them with crushing force. In their sorrow they have the heartfelt sympathy of many friends all over the county.

The circumstances leading up to her death have not been learned at this writing.

THE THEATRICAL CENTER.

Some Remarkable Facts About the
Playhouses of New York City.

Sixty-five theaters will soon be en-
tertaining audiences in Manhattan,
says the New York World.

The present number is 64.
Nearly \$5,000,000 is now being
spent on new theater buildings.

All but \$700,000 of this sum is go-
ing for theaters within a stone's
throw of Long Acre square.

A circle a mile in diameter and
having the corner of Forty-third
street and Broadway as its center
would enclose 24 first-class houses.

Long Acre square is to be the the-
atrical center of the United States
for many years, perhaps for genera-
tions. It will also be the theatrical
center of the world. Within a year at
least eight theaters will directly ad-
join the square.

Not even in London or Paris is
there to-day such a remarkable col-
lection of places of amusement with-
in a small radius as there is on New
York's Rialto.

The largest play house in the world
is being erected in this city. It is Os-
car Hammerstein's Drury Lane,
which is to cost a million dollars, seat
nearly 5,000 people and be finished
next fall. It will have the largest
stage, the largest water tank, the
highest proscenium arch and the
most modern equipment in the world.

More costly theaters are being
built here than anywhere else in the
world.

More money is spent for theater
tickets here than in London or Paris.
Of the \$25,000,000 paid into the
theater box offices of the United
States last season more than half was
spent for attendance in New York
city.

It is estimated that \$20,000,000 is
invested in the playhouses of the city
alone.

A further investment of \$10,000,-
000 within the next ten years is more
than possible.

The seating capacity of the the-
aters in Manhattan at present run-
ning, including Madison Square Gar-
den, is over 90,000. With the addi-
tional capacity of the 11 theaters
building this will be over 110,000
persons.

This is more than the entire popu-
lation of our largest cities. Syracuse
has only 108,000; New Haven, Conn.,
about the same; Paterson, N. J., 105,-
000; Los Angeles, Cal., 102,000, and
Scranton, Pa., and Omaha, Neb., the
same number.

Seventy-five years ago the the-
atrical center of New York was not far
from Bowling Green.

It is just half a century since Jen-
nie Lind made her new world debut
at Castle Garden, on the southern
tip of the island, then almost in the
heart of the fashionable section.
To-day it is more than four miles
away.

How the theatrical center of New
York came to travel from City Hall
square to Longacre square in 50
years, not by long jumps but by con-
stant progress, is an exceedingly in-
teresting story.

The first theater in New York
dates back to 1732. The next was the
Kip street theater, on Nassau, near
Maiden Lane, which opened in 1750.
This is the first of which there is any
concise record. Three more unim-
portant houses followed in the next
ten years, and in 1786 the John
Street theater was opened. This is
the first house of any fame.

The Chivalrous Idiot Who Was Too
Courteous and Obliging.

"Of course," he said, "it is no more
than courteous to be obliging in all
associations with the fair sex."

"Of course."
"So far as possible you should do
what a girl wants you to do."

"Certainly."
"If she seems anxious to do a little
flirting you should flirt."

"Naturally."
"If she likes flattery you should
flatter."

"In moderation, yes."
"If she wants sentiment you
should give it to her."

"Assuredly."
"That's just common politeness,
isn't it?"

"Yes."
"Well, no one can tell me again
that politeness pays. I know better."

"What's the matter?"
"Oh, perhaps my chivalrous nature
led me to overdo the thing; but I've
been sued for breach of promise."

Perfect Motherhood.

If an artist were to paint a picture
of a mother and child he might follow
his own fancy in many directions, but
in one thing he must be true to nature,
—the mother and child must be in
perfect health. Such a picture would
only serve to remind us how little per-
fect motherhood there is in the world,
which is full of weak mothers and
wailing babies.

Motherhood is made easy for those
women who use Dr. Pierce's Favorite
Prescription. It gives the mother
strength for her trial and makes the
baby's advent practically painless. It
gives health and strength to both child
and mother.

"I take pleasure in informing you of the
birth of a boy in perfect health, on May 18th,
1899," writes Mrs. L. E. Corti, of Wallonville,
Pa., Box 25. "I cannot find words sufficiently strong to express to you my
thanks, for my baby came almost without pain, and when my husband arrived
with the doctor the child was already born. The neighbors who were with me,
my husband and the doctor could not believe their eyes. Having suffered so
much before I never believed myself able to be delivered of a living child."
"I recommend Dr. Pierce's Favorite Prescription to all young women who
are in the same condition that I was in as one of the best remedies in existence.
I have used eight bottles and find myself in perfect health."

"Favorite Prescription" makes weak women strong, sick women
well. Accept no substitute for the medicine which works wonders
for weak women.

FOR CIRCUIT JUDGE,
CHARLES H. BUSH,
OF CHRISTIAN.
FOR COMMONWEALTH'S ATTORNEY,
DENNY P. SMITH,
OF TRIGO.

Whatever else may be said about Allie Young, he has never been accused of blundering. Can his critics say as much?

Paul Blouet, known in literature as Max O'Rell, died at his home in Paris, France, Sunday. His last words were "I love America."

Perhaps the Court of Appeals may decide after all to render a decision that will fix the legal status of primary elections in Kentucky.

Roosevelt's re nomination is now assured, without opposition. Ohio Republicans endorsed him this week and the Kentucky convention in July is expected to fall into line.

Judge Joe Robbins, who will try the Powers case, is one of the best men in public life in Kentucky. He is an upright, honorable gentleman, an able and just judge, and his rulings will all be fair and impartial.

The residence of Rev. Thomas N. Arnold, on Reservoir Hill, overlooking Frankfort, was destroyed by fire Wednesday, entailing a loss of several thousand dollars. Mr. Arnold was recently a candidate for Superintendent of Public Instruction.

The Courier Journal is not only leading a bolt in Louisville, but appears to be fighting a Democratic candidate for circuit judge in the Mt. Sterling district. Democrats out in the State will be slow to follow such leadership.

It seems to be impossible for the Courier-Journal to be "regular" in its party allegiance more than a few years at a time. The present defiance of party authority and attack on the party organization, is consistent with its record as a bolter.

Henry Lawrence, of the Cadiz Record, and George Weather, of the Ellettsburg Times, winners for representative in their respective counties, are busy tossing bouquets at each other. Both are clever boys, and situated as we are half way between them, we shall take pride in both of them and glory in their achievements. A good order writer will most anywhere you put him.

The statement in the Courier-Journal that Beckham and Hager will support the "insurgent" ticket, put out in Louisville in contempt of the orders of the highest governing authority of the party, is incredible. The machine candidates in Louisville, if they get on the ticket at all, will not be under the Democratic device. There can be no party without party discipline and the Democrat who defies party authority is nothing more nor less than a bolter.

The June McClure's is one of the best rounded out and uniformly attractive numbers of this magazine ever issued. There is an unusually long table of contents, and not a page of dead matter. The number opens with a masterly appreciation by John La Farge of the three great French artists, Delacroix, Decamps, and Diaz, the kind of art criticism it is a delight to read, and illustrated with some exquisite reproductions in tint. Henry Harland's new serial, "My Friend Prospero," cannot fail to be a drawing card. The first installment shows the author at his most charming best. The story opens in Italy, and promises to excel in every particular in which one looks for excellence from this splendid romancer. Two first class articles are "An Ocean Graveyard," by P. T. McGrath, and "The Swimming Hole," by Eugene Wood; the first a stirring account of some of the famous wrecks and rescues of the Newfoundland coast, the second a paper that no man who has ever been a boy will read without emotion.

Two staunch Democrats of Cadiz, whose name are withheld, were in town this week and added their testimony to the charges of fraud in the Cadiz precincts at the recent primary, that resulted in having the precincts thrown out. They both said no denials were made of the charges of illegal voting after 4 o'clock, and it was generally understood that the illegal acts killed the elections in those precincts. One of the gentlemen had been for Cook and both expressed satisfaction that Judge Cook had filed no formal contest against the nominee within the ten days' limit.

Monday was the last day a notice of contest could be filed on Judge Bush, who received his certificate of nomination May 15. A recognition of the legality of the committee that declared Bush the nominee, which has never been seriously questioned, will leave Judge Cook without a case even for a contest.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at R. C. Cures When Doctors Fail.

I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at R. C. Hardwick.

BACK PAINS.

City Constable West Tells Hopkingsville People How to be Rid of Them.

Back pains are the protests of bad kidneys. They point to inflamed and diseased conditions in those organs. Dangerous to neglect it. Easy to ward off diabetes, Bright's disease and dropsy. A Hopkinsville official who has found the means to tell about it.
W. H. West, stock raiser, City Constable and Collector, living at 849 W. 7th St., says: "I suffered for years with kidney and bladder troubles, and in consequence was subjected to a great deal of pain. There was a heavy, dull aching in the small of my back over my right hip and shoulder when I would stir around or remain long on my feet. The difficulty with the kidney secretions annoyed me at all times. They were scanty, irregular, and the passages were accompanied with a burning sensation. I heard so much said about Doan's Kidney Pills that I got a box at Thomas & Trahern's drug store and gave them a trial. I found that they benefited me in every way, so much so that I have taken the opportunity on several occasions to recommend them to my friends, and to me as having used the pills with good results, and I hope that it will be the means of relieving others who may be suffering from that common complaint, kidney trouble."

Bronchitis

"I have kept Ayer's Cherry Pectoral in my house for a great many years. It is the best medicine in the world for coughs and colds."
J. C. Williams, Antioch, N. Y.

All serious lung troubles begin with a tickling in the throat. You can stop this at first in a single night with Ayer's Cherry Pectoral. Use it also for bronchitis, consumption, hard colds, and for coughs of all kinds.

Three doses, three times a day, for an ordinary cold; one, just before bedtime, for a severe cold; one, just before bedtime, for chronic cases, and in any case, it is a most economical remedy.

FOND OF THE FIDDLE.

People of Roaring Spring Arranging for Another Contest.

Roaring Spring, Ky., May 27.
EDITOR KENTUCKIAN:

The people of this section are not satisfied with the "old fiddlers' contest" at this place, and have besieged the committee with so many requests to try it again, that we have decided to offer them the same dish with a little salt and pepper added in addition to a large list of prizes for gentlemen. We propose to offer prizes for the best duet by ladies, also for the best solo by ladies on any instrument, none but ladies competing. We have the promise of several ladies to be here. We are especially anxious with us, all of the same musicians with us, and we hope that Garrettsburg, LaFayette, Maggie, Pee Dee, Donaldson, Maple Grove and Hopkinsville will be represented. Your Hopkinsville Quartette won all hearts while with us. It is a tie vote here to decide which one of the gentlemen, is the favorite but some of our young ladies, are wearing "Long" faces.

On Monday night, June 8th we will have our contest: we will have ice cream from 7 to 8, music from 8 to 10, then adjourn to the ice cream stand or home, as one may wish. J. W. RASCOE, Sec.

THREE GAMES

Between Henderson and Hopkinsville.

First Game Won By Visitors By 12 to 10—Last Game This Afternoon.

The first of the three games of baseball, between Henderson and Hopkinsville, at Athletic Park Wednesday, resulted in a victory for the visitors by a score of 12 to 10. The line up of the teams was as follows:

HOPKINSVILLE. HENDERSON.
Street, c. Copeland, a. f.
Hadden, c. b. Warner, c.
Edwards, c. f. Ogden, f.
Blumrich, 1. b. King, 1. b.
Farris, a. s. Richards, 3. b.
Bassett, 1. f. Wilcox, s. s.
Mullen, r. f. Hoos, 2. b.
Watts, 2. b. Percival, c. f.
Morris, p. Keller, p.

Hopkinsville started out by making 2 scores in the first inning, and Henderson followed with 5. In the next two Hopkinsville made none, while Henderson made one in each inning. The fourth was an even break, each team scoring once. In the fifth inning the local team recovered much lost ground, making 5 innings and tying the score. In the sixth, each side made 1 and in the seventh Henderson made 2 to Hopkinsville nothing. The eighth was another offset of one each and in the ninth Hopkinsville failed to score, leaving the visitors winners with an inning to spare.

The local team was handicapped by the severe "knocking" received from the spectators. The grandstand was well filled and most of the encouragement was given to the visitors.

The Second Game.

The second game was in progress yesterday afternoon when our forms were closed. A lively interest was shown and a big crowd was on hand.

The final game will be played this afternoon at 3:45 o'clock.

In almost every neighborhood some one has died from an attack of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. KURKAMP'S BAND

Plays With Fine Spirit and Much Precision.

"It's a good band John Kurkamp has organized. It plays with fine spirit and much precision. The leader is admirably qualified to make his band popular, for, while he essays numbers requiring musical interpretation and artistic execution, he does not disdain rag-time and slap-bang things which set the foot to keeping time."

This celebrated musical organization will appear at Holland's Opera House next Thursday night, June 4.

World Wide Reputation.

RAISING FUNDS

To Erect and Equip a Building for Y. M. C. A.

Mr. England, who is working up the Y. M. C. A. subscription for a \$15,000 building here, reports good success so far. Nearly \$5,000 has been secured from less than 50 subscribers. The following item about a building recently erected in Alaska is interesting:

"The building recently erected by three mining companies at Douglas Island, Alaska, is now in full swing. The miners paid in January \$708 for membership fees, and every miner in the place is a member. The dues are paid out of the treasury of the companies. The doors were opened Christmas day. The marshal, for the first time on record, did not make a single arrest on pay day, while down at Douglas, where all the saloons are located, 'the town was dead.' The proprietors are complaining bitterly that the Association has ruined its business and but little money is spent there. The superintendent of several mines stated that \$18,000 more wages were left undrawn on pay day than before the building was opened. On one evening there were 170 men in the Association building."

NEW BANK ORGANIZED.

Henry Massie, Chief Promoter, Will Be Cashier.

The new bank at LaCenter, Ballard county, recently organized, will be ready for business July 1. The capital stock of the concern is \$15,000. Mr. H. M. Massie, of Lafayette, will be cashier. The president will be J. M. Skinner and S. T. Payne has been chosen vice president. The new institution will be known as the Bank of LaCenter.

Mr. Massie, who has been cashier of the Bank of Lafayette since its organization in 1895, has resigned his position in that bank and will move to LaCenter in a few weeks. His successor has not yet been named. Mr. Massie was for two years connected with the Pembroke Deposit Bank, now the Bank of Pembroke, and left that point to become cashier of the Lafayette institution. He is one of the chief promoters of the Bank of LaCenter.

Spring Alliances.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for study and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at R. C. Hardwick.

Uncle Sam Touched.

Robbers broke into the postoffice at Scottsville early Wednesday morning, blew open the safe with nitro glycerine and got away with \$400 in cash and stamps.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and it was satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by C. K. Wily, druggist.

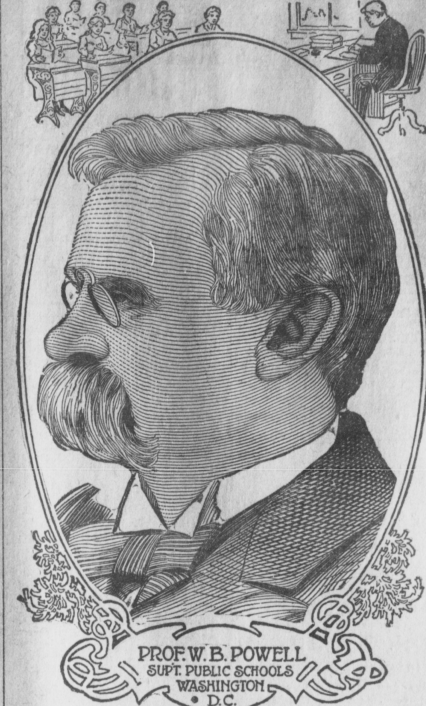

Mr. H. Grubbs, of Howell, Ky., who recently returned from Indianapolis, Ind., was in the city a short while yesterday evening. It is understood (although he has kept the matter very quiet) that he is negotiating for the sale of one of his new inventions, with a large firm of manufacturers in New York, who also have a branch house in St. Louis. It is said to be a very valuable invention, and Mr. Grubbs will try to secure a life royalty on it. Mr. Grubbs left for St. Louis last night.

SUPERINTENDENT OF SCHOOLS FOR FIFTEEN YEARS.

Professor Powell, of Washington, D. C., Recommends Pe-ru-na.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators in the country. For fifteen years he has been Superintendent of the Public Schools of Washington, which is considered the best school system in the United States. Professor Powell is the author of a number of school books which are used throughout the United States.

"This well known gentleman does not hesitate to recommend Peru-na to his countless friends and acquaintances all over the United States. In a recent letter from 1410 N. Street, N. W., Washington, D. C., to Dr. Hartman, he says:

"Persuaded by a friend I have used Peru-na as a tonic, and I take pleasure in recommending your remedy. Peru-na is indeed a good medicine and should be in every household."—W. B. POWELL.

SUCH straightforward evidence cannot be overlooked. What thousands of people say carries weight, but when a man of national prominence says "Peru-na should be used in every household," it is a significant fact to the increasing prominence and undoubted efficacy of Peru-na.

Peru-na is of national fame as a cathartic remedy. It is the only internal eye-tolerant remedy known to the medical profession. It makes diseased mucous membranes healthy, whether it is the mucous membrane of the nose, throat, lungs, stomach, kidneys or pelvic organs. It cures various diseases of all these organs, because two-thirds of the ills of mankind are due to catarrh. With healthy mucous membranes chronic diseases lose their terror, the system is enabled to throw off contagion, and health follows inevitably.

Mr. A. T. Wood, Mt. Sterling, Ky., writes:

"For many years I have been a sufferer from catarrh, and have spent time and money with physicians and used many kinds of remedies which were 'guaranteed sure cures,' but for every cure it was money thrown away."

"I resented no benefit whatever from them. In my seemingly vain search for relief I purchased a bottle of Peru-na, having no confidence in it whatever at the time. This was about one year ago, and I began to improve and was able to attend to my business without being constantly hampered by every kind of pain known to a human being. My hearing, which was almost entirely gone in one ear, got very much better. The medicine not only seems to cure, but to prevent disease."

"This winter when every one was suffering from la grippe, I stood like a stone wall, absolutely proof against it. I am not a believer in 'patent medicines,' having found the majority of them false, but I do not hesitate to recommend Peru-na as the best medicine for catarrh the world has ever seen. I keep a bottle of it at home constantly and shall continue to do so, because I believe it to be the best medicine on earth. I never leave home that I don't put a bottle of it in my grip."

Mr. Evan D. Bowen, Dodge City, Kan., Conductor on the A. T. & S. F. R. R., writes: "I have had catarrh of the stomach for seven years, and I began to think that I never was going to be cured. At the time I began taking Peru-na, I was unable to make more than one or two trips on the road at a time, not being able to keep anything on my stomach. I then weighed 168 pounds. I have been taking Peru-na since that time and have never lost a trip, and now weigh 20 pounds."

—Evan D. Bowen.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

The most sensible thing to do when suffering from Bruises or Cuts is to treat the wound with

because it is noted for its ability to drive out soreness and inflammation, after which it heals the damaged flesh in a remarkably short space of time.

For open wounds soak a cloth with the liniment and bind on the same as you would a poultice. For other hurts apply freely and rub it well in.

THE QUERY EDITOR.

Never at a Loss to Give Correct Answer to Any Problem.

"Are you the man that answers the queries?" asked a caller the other day, removing his hat as he came into the office.

"I am," replied one of our Query Editors, pigeon-holing a request for statistics as to the total number of persons killed in the Crimean war, and filing away a note asking for a brief biography of all the kings and queens of England from Canute to King Edward, says London Tit-Bits. "Be seated, sir. What can I do for you?"

"I've got a little bet with a friend," rejoined the visitor, "and we've agreed to leave it with you. What is the size of gloves that a perfectly proportioned woman with a No. 6 foot ought to wear?"

"The size of glove, you say?"

"Yes."

"That a perfectly proportioned woman—"

"Yes."

"—with a No. 6 foot should wear?"

"That's right."

"Just wait a few moments. I will consult the anatomical tables."

He waited. Our Query Editor, who revels in this sort of thing, overhauled countless volumes and turned to his caller.

"According to the best information I can obtain," he said, "a woman with a No. 6 foot, if she is perfectly proportioned, should wear on her hand—"

"Yes?"

"—any glove that fits her. Turn the knob to the right. Good morning, sir."

Money may not make the man, but that doesn't prevent the man from trying to make money.

A third party may be all right in politics, but when it comes to courtship it's different.

The average woman can detect flattery every time—except, of course, when it is lavished upon herself.

A physician says that whisky drinking weakens the eyes. Perhaps it does, but consider how it strengthens the breath!

It is difficult to believe that everything is for the best, but there is no reason why we should not try to make the best of everything.—Chicago Daily News.

Miss ELIA BOURGE

One of the Beautiful Women of Chicago relates an experience.

Miss ELIA BOURGE, of 47 Ashland Boulevard, Chicago, Ill., wrote to Dr. Pierce recently, as follows:

"I am glad to be able to testify to the public what your medicine has done for me. I had been troubled with catarrh for a number of years; had used many other remedies but failed to find any change and was about to give up all hope. I at last tried your medicine and found it just what it is represented to be. I used a number of bottles of Dr. Pierce's Golden Medical Discovery, and will say that I have not felt as well in several years. My headaches, which had become a common occurrence, have entirely disappeared, as well as the burning sensation I endured through my eyes and nose. My voice has wonderfully improved since using your medicine; I would not be without it, and I shall forever give praise to your worthy medicine."

PUBLIC SINGERS EVERYWHERE

Recommend Dr. Pierce's Golden Medical Discovery for coughs, nose and throat troubles. It cures Bronchitis, Laryngitis, Weak Lungs, Bleeding from Lungs, public speaker's Sore Throat, Hoarseness, and Suppression or Loss of Voice. This vegetable tonic has ingredients which allay a cough, and at the same time it purifies the blood, thereby getting at the seat of the difficulty, for a cold or catarrh is produced by a stagnation of the blood supply. The "Discovery" purifies the blood by eliminating the corrupt and poisonous accumulations which are the source of many diseases. It gives new life and strength.

E. D. LOE, of Princeton, Mo., sends his sincere thanks to Dr. Pierce, as follows:

"About one year ago I took what our home doctor called La Grippe, and was bothered with a dry hacking cough, also bowel trouble, all summer. People of my acquaintance said I was going fast with quick consumption. Had weighed one hundred and eighty pounds before having Grippe, but had become very thin when I commenced to take Dr. Pierce's Golden Medical Discovery. After taking five bottles the bowel trouble was completely overcome and my cough was gone."

Sick people, especially those suffering from disease in chronic form, are invited to consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, free.

GIVEN AWAY. No charge is made for Dr. Pierce's Common Sense Medical Adviser. It is sent FREE on receipt of stamps to pay expense of mailing ONLY. THIRD NOTICE

Of Reduction and Cash System.
To Take Effect June 1.

Last week we sent you with 2nd notice a laundry list used by one of the leading laundries of Evansville, and this week one from a leading laundry of Nashville. Both of these laundries do a cash business, or in other words, the drivers settle for all work they take out, or bring same back to the office. Now you can see from these lists that we are very much lower on our present list, to say nothing of the low prices we make, commencing June 1. Is not a cut of 25 per cent. on your collars and cuffs a big enough item to induce you to pay cash or buy a coupon book which you can have at home?

This is going to cut our profits not to nothing, but we shall make this big inducement rather than try to continue running a credit business. Most of the large laundries in cities have since advance of price on soap, starch, paper and labor, raised the price on laundry work, but we have steadily tried to please our patrons with prompt delivery and perfect work, and have never advanced the price since starting in the business, though our prices are much lower than Nashville or Evansville. Our collectors will call on you before the cash system is inaugurated and offer you coupon books from \$1 to \$5; these you can leave at home and pay the driver when the work is delivered.
